Double Acting Battery Pump Set APEIRON HBP05D02

Product information

With the Holmatro APEIRON HBP05D02, we introduce a double acting battery pump standard that offers unparalleled performance and limitless possibilities, empowering you to keep going in even the most demanding circumstances. The patented pump technology with electronic motor control ensures consistent, long-lasting performance. It’s powered by a high-quality, purpose-built battery with large, high-quality cells. Real-time feedback on charge status and temperature always keeps you in control. This advanced system ensures optimal efficiency and seamless operation while creating a safe distance from the load for the operator. For lifting applications, the Apeiron HBP05D02 features pilot-operated check valves for enhanced safety. The Apeiron is proven to last longer in rigorous endurance testing: less downtime, more work done!

Standard supplied with:

- 2 Batteries
- Hand pendant control, 3m length cord
- Couplers that suit the application: plug and play
