Ratchet Lever Hoist PT Yale

Product information

General
Capacity 800 - 6300 kg
Ratchet lever hoists model PT features improved tech-niques and ergonomical styling. The advantages of the predecessor range have been maintained and further optimized.
A good, versatile, all round ratchet lever hoist for demanding conditions.

· The short handlever is fitted with an ergonomic rubber grip.
· Standard free chaining device to quickly attach the load or to pull the chain through the hoist in both directions.
· Alloyed steel link chain with zinc-plated resp. yellow chromated finish, in accordance with national and international standards and regulations.
· Drop forged suspension and load hooks are made from non-aging, high tensile steel and fitted with robust safety latches.

Option
· All models can be equipped with an overload protection device in the form of a slip clutch which is factory preset to approx. 25 % ± 15 % overload.

Yale hoists and trolleys are not designed for passenger elevation applications and must not be used for this purpose.

... *Read more*

Features: · The proven stamped steel housing provides extremely low weight without limiting the reliability and sturdiness of the unit.
Note: All ratchet lever hoists with a capacity exceeding 750 kg can be used for load attachment according to EN 12195.
