

Ratchet Lever Hoist PT Yale

Product information

General

Capacity 800 - 6300 kg

Ratchet lever hoists model PT features improved techniques and ergonomical styling. The advantages of the predecessor range have been maintained and further optimized.

A good, versatile, all round ratchet lever hoist for demanding conditions.

- The short handlever is fitted with an ergonomic rubber grip.
- Standard free chaining device to quickly attach the load or to pull the chain through the hoist in both directions.
- Alloyed steel link chain with zinc-plated resp. yellow chromated finish, in accordance with national and international standards and regulations.
- Drop forged suspension and load hooks are made from non-aging, high tensile steel and fitted with robust safety latches.

Option

- All models can be equipped with an overload protection device in the form of a slip clutch which is factory preset to approx. 25 % ± 15 % overload.

Yale hoists and trolleys are not designed for passenger elevation applications and must not be used for this purpose.

Features: · The proven stamped steel housing provides extremely low weight without limiting the reliability and sturdiness of the unit.

Note: All ratchet lever hoists with a capacity exceeding 750 kg can be used for load attachment according to EN 12195.
