

Column Mounted Jib Crane BOSS B

Product information

The column-mounted jib arm crane Boss B has been designed to perform extraordinary jobs.

You can use the crane with its infinite slewing range under the toughest and most difficult conditions where capacities of up to 32 t are required: In warehouses, power plants, steel works, foundries but also on large-volume excavators and dredgers.

With its standard electrical slewing gear by ball bearing slewing ring it provides for comfortable and smooth slewing and enhanced ease of operation. The column-mounted crane B perfectly meets your requirements for indoor and outdoor use since column height and jib arm length can be adjusted individually.

Advantages:

- Infinite slewing by 360°
- Large capacity and outreach
- Electrical slewing gear
- Several fastening option available

Options:

- For Outdoor use on request.
- Suitable for explosion protection according to ATEX on request

Contact our crane department for more information.
