

Tagline DYNICE Helix

Product information

This tagline is designed with a patented Helix spiral effect, which gives an increased grip in wet and slippery conditions. With colour coded eye for easy length identification. The tagline is manufactured in yellow for high visibility.

The rope is tangle resistant due to its rigid core and stiff coverbraiding.

- Material:** Dyneema® SK-75
- Marking:** According to customer request
- Temperature range:** -40°C up to +65°C
