

Wedge Hydraulic Return HWJ 25 U

Product information

The HWJ 25 U wedge is designed to lift a load from a flat surface where there is a minimum insertion space available. Very suitable for a wide range of applications. Creates a start insertion space where other tools can not do so.

- Compact construction
- Low weight
- Anti-skid profile on wedge blades
- Usable in all positions
- Applications:
 - Lifting machines
 - Spreading flanges
 - Dismantling and assembly
 - Adjustment and alignment.

Features: Minimum insertion space of 6 mm.
