Connex Bolt and Safety Set CBHWI Stainless

Product information

General: The CBHWI safety set that goes with the Connex connector consists of a stainless steel suspension bolt and a spiral spring (Mat. 1.4571) that is set in an enlarged synthetic sleeve for particularly easy fitting, ensuring that the suspension bolt always locks perfectly in place.
Varety of use: CBHWI bolts ans safety bushes for grade 6 correspond to the desigin of CBHWI grade 5 and may therefore also be used as replacement parts. Please note the modified material properties of grade 6!

Important: The replacement sets for grade 5 are not suitable for CWI grade 6 plus! Only bolts stamped with G6 plus may be used as replacement parts!
