

Stainless Steel Hand Winch MR500-5000

Informations du produit

This stainless steel hand winch is corrosion resistant and is made of stainless steel 316. The worm gear winch is IP54 classified which means that it is resistant to splashing water and dust on the inside. This makes the winch resistant to the toughest conditions and has a very high corrosion resistance rating.

- winch suitable for lifting and pulling in compliance with EN13157
- static safety factor 4
- load pressure brake with double ratchet system for safe stable hold of the load
- closed gearbox to protect against environmental influence – protection classification IP54
- cable outlet upwards, downwards or at rear
- adjustable crank
- suitable for wall and (optional) floor mounting
- stainless steel 316 body, drum, crank and all outgoing parts
- corrosion resistant

Options:

- grooved drum (GD)
- 2 drum compartment (2D) or multiple up to 8 (XD)
- suitable for floor mounting (FM)
- suitable for Dyneema rope (DY)
- pressure roller (PR)
- ATEX certified zone 2 and 22 (EX)
- CE II 3G Ex IIC T4 Gc, -20°C<T amb <+70°C

Marquage: Selon la norme

Norme: EN 13157

Coefficient de sécurité: 4:1
