Vacuum Beam Battery-powered AERO-INDEPEND

Informations du produit

The standard vacuum beam AERO-INDEPEND is a battery-powered version of the AERO-BASIC models. This self-sufficient power pack offers a flexible vacuum lifting beam for indoor use.

Thanks to the integrated pump control module, you get maximum battery runtimes, which ensures intelligent regulation of the vacuum generator. After the operating vacuum is generated, the pump is switched to stand-by mode.

With the AERO-INDEPEND vacuum lifting beam you can lift metal sheets, plastics, glass and panels.

Product variants

The AERO-INDEPEND vacuum lifting beams are available in more versions with:

- Load capacities from 150 kg up to 1.000 kg
- From 4 up to 8 suction plates
- With 2 up to 4 cross beams
- Different suction plate diameters, suspension eyes etc.
