Vacuum Beam For Forklift AERO-SELECT

Informations du produit

The standard vacuum beam AERO-SELECT is a battery-powered version of the AERO-BASIC models for indoor use. The battery indicator always shows its battery status.

The vacuum beam has an adjustable forklift attachment that is compatible with nearly all forks. It can also be used on a crane hook. The remote-control panel makes operating from the driver's seat or anywhere else easy.

Product variants

The AERO-SELECT vacuum lifting beams are available in more versions with:

- Load capacities from 150 kg up to 2.000 kg
- From 4 up to 8 suction plates
- With 2 up to 4 cross beams
- Different suction plate diameters, cross beam lengths etc.
